

FuseMail®
*Brand Your Console &
Quarantine Report*

FuseMail®

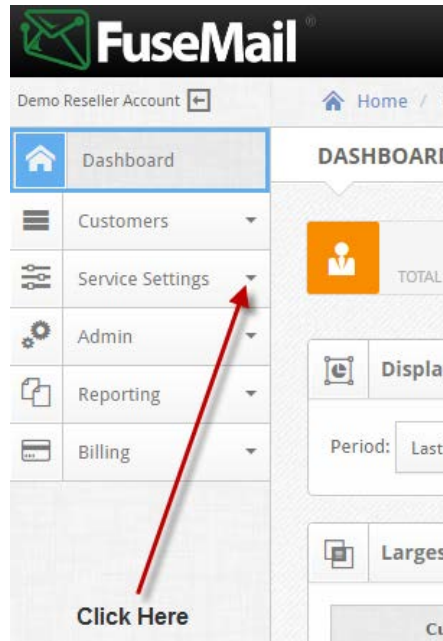

Excel Micro Partners have the ability to insert their logo in FuseMail without having to contact Excel Micro. This helpful guide provides an administrator with the steps to easily insert logo in Fusemail console and Quarantine Report. For additional assistance please contact Excel Micro Support, support@excelmicro.com.

Administrator Login

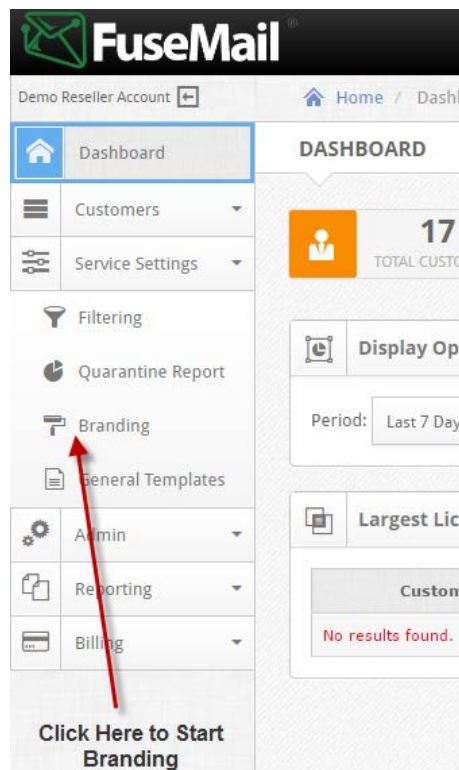

1. Login URL: <https://portal.fusemail.com/>
2. Please enter the Administrator credentials provided to you when the account was initially activated.

- From the Administrator Dashboard select 'Service Settings'.

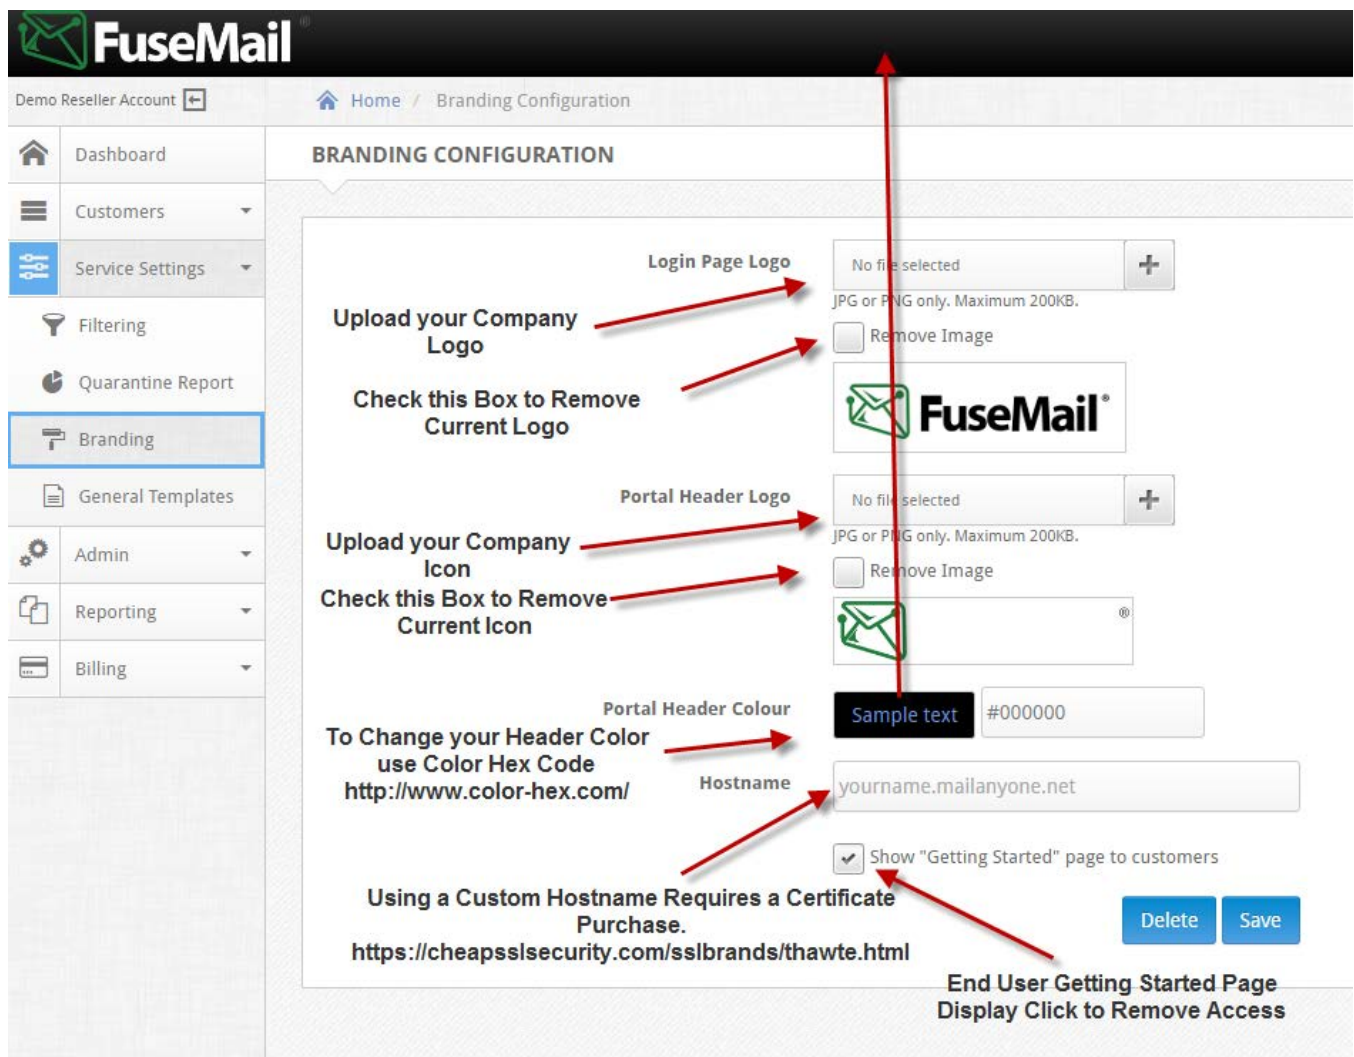

- Then Click "Branding" Button.

Branding Console

- Upload Your Company logo
- Upload Company icon
- Change The Header Color – [Http://www.color-hex.com](http://www.color-hex.com)
- Custom Hostname – Requires A Certificate Purchase <https://cheapsslsecurity.com/sslbrands/thawte.html>

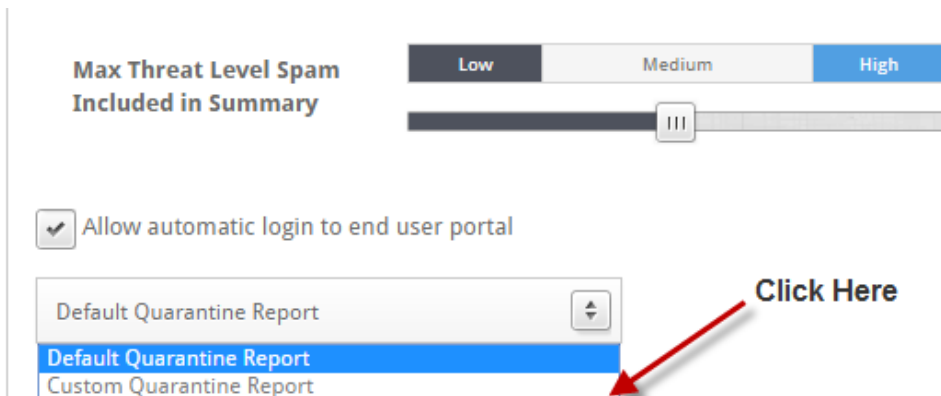

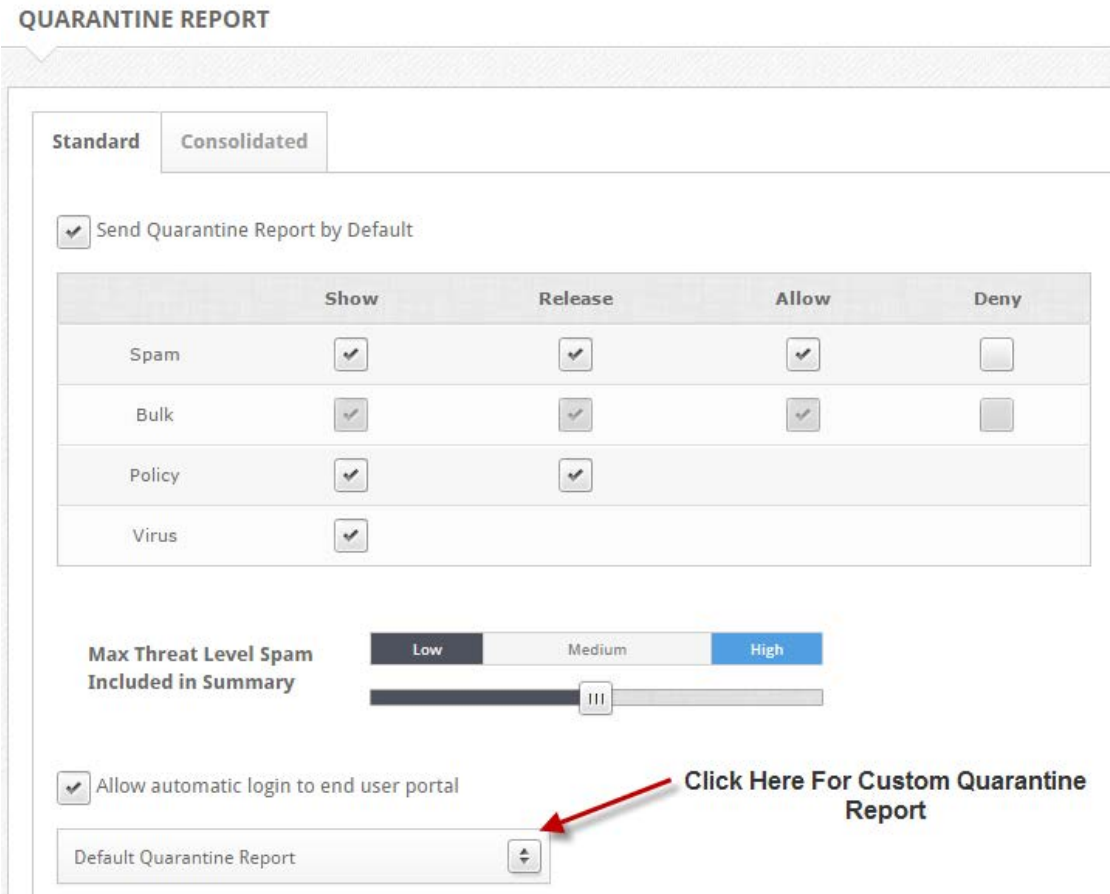

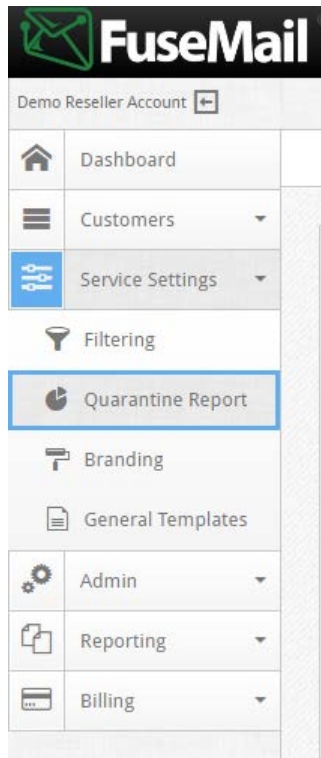

The screenshot shows the FuseMail Branding Configuration interface. The left sidebar contains navigation options: Dashboard, Customers, Service Settings (with sub-items: Filtering, Quarantine Report, Branding, General Templates, Admin, Reporting, Billing), and a Demo Reseller Account dropdown. The main content area is titled 'BRANDING CONFIGURATION' and includes the following fields and controls:

- Login Page Logo:** A file upload field with a '+' button. A red arrow points to it with the text 'Upload your Company Logo'. Below it is a checkbox labeled 'Remove Image'.
- Portal Header Logo:** A file upload field with a '+' button. A red arrow points to it with the text 'Upload your Company Icon'. Below it is a checkbox labeled 'Remove Image'.
- Portal Header Colour:** A color picker field showing 'Sample text' and '#000000'. A red arrow points to it with the text 'To Change your Header Color use Color Hex Code http://www.color-hex.com/'.
- Hostname:** A text input field containing 'yourname.mailanyone.net'. A red arrow points to it with the text 'Using a Custom Hostname Requires a Certificate Purchase. https://cheapsslsecurity.com/sslbrands/thawte.html'.
- Show "Getting Started" page to customers:** A checked checkbox. A red arrow points to it with the text 'End User Getting Started Page Display Click to Remove Access'.

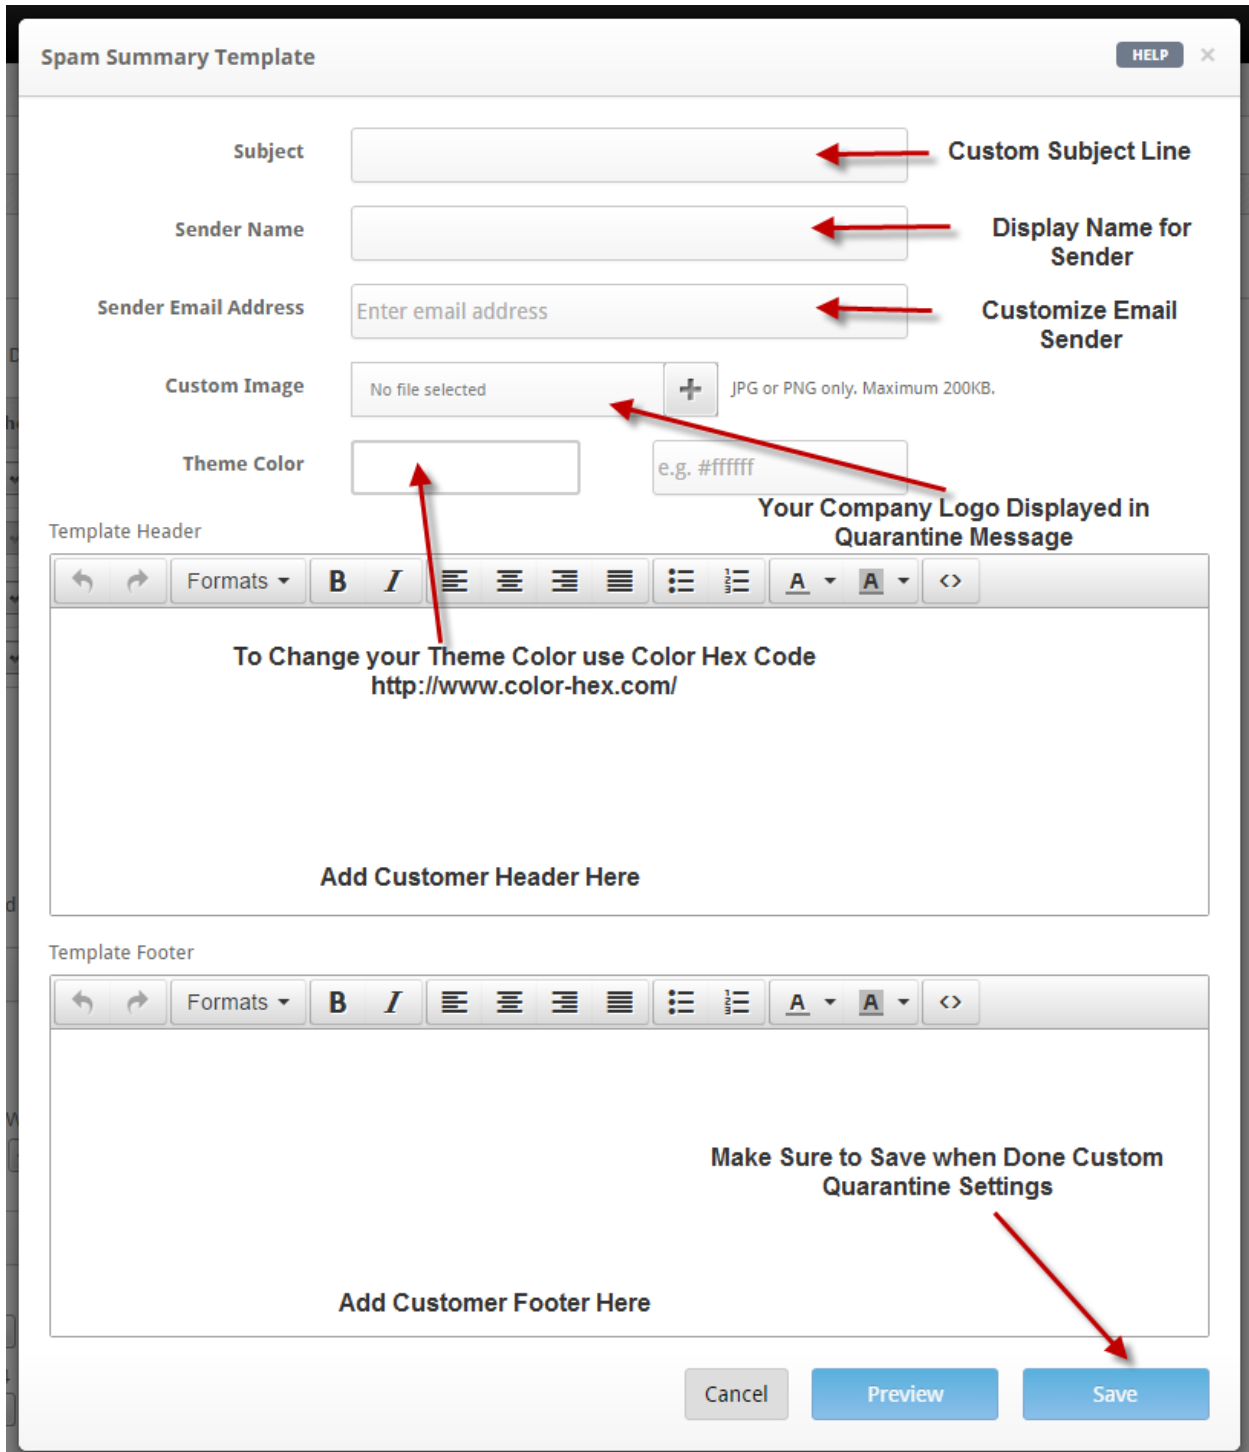

At the bottom right of the configuration area are 'Delete' and 'Save' buttons. The current logo and icon are both the FuseMail logo.

Branding Quarantine Report

- From the Administrator Dashboard select 'Quarantine Report'.

Custom Quarantine Configuration
